CHIPPEWA COUNTY ROAD COMMISSION

TOWNSHIP COST SHARING POLICY

All work on county roads exclusive of routine maintenance work will be accomplished under cost sharing agreements with the affected township. The Road Commission will prepare cost estimates for improvement work at the request of the townships. Upon agreement on scope of work and estimated cost, Road Commission –Township agreements will be prepared reflecting a 50% - 50% cost sharing inclusive of surveying and engineering costs and exclusive of any asphalt surfacing included in the project. Asphalt surfacing costs will be shared on the basis of 85% Township – 15% Road Commission split.

Projects financed partially with Federal-aid funds are a separate category of projects and normally require a local match. Any amounts required for local match will be split on a 50% - 50% basis with the affected township.
